

THE VULCAN TO THE SKY TRUST FLYING WALL OF FAME

Donations are requested to enter the VTST Corporate “Flying Wall of Fame” following the aircraft’s successful return to flight on 18th October, 2007.

How it works - Benefits

- ▲ Members will be strictly limited to 58 in total, after this threshold, potential supporters will be placed on a waiting list on a “first come, first served” basis.
- ▲ Company logos will be displayed on the Wall of Fame in the aircraft’s home hangar. This will be replicated on signage at all the key air shows (potential visitors – 7 million) and will be featured in the VTST Newsletter with a circulation of 25,000 and growing.
- ▲ Flying Wall of Fame dedicated page on the VTST web site with links to your site – traffic is growing rapidly after first flight with over 140k hits per month.
- ▲ Hangar visits for FWOFF members and their customers at no cost.
- ▲ The VTST will be happy to display FWOFF partner marketing collateral in the hangar and in our mobile education and air show mobile exhibition unit.
- ▲ Opportunity to participate in an “Inspiring Engineering” programme.

Get involved now

- ▲ To become a founder member of the Hall of Fame, we will ask a minimum donation of £50,000 and this also guarantees a first option renewal for the 2009 season.
- ▲ We are happy to tailor a package of events for a donation in excess of £50,000 and this would be negotiated on an individual company basis.
